# Mohitrajsinh Jadeja

AI & Security Specialist | Building Smart Systems with Cloud, ML & Automation | Turning Ideas into Scalable Products  
Rajkot, Gujarat, India

## Summary

I'm a B.Tech AI & ML student building real-world solutions with cloud, automation, and full-stack tech. I work with agents, Google Cloud, AWS, MERN — turning ideas into scalable systems that work. I also freelance in modern, responsive web design. Passionate about solving problems with tech that's smart, fast, and secure.

---
